The Bahamas.

PHOTOGRAPHER

Photography and New Media BFA graduate with skills in photography, editing, web and graphic design, and visual storytelling. Experienced with digital tools and creative production in professional settings, with a culturally diverse background that informs an adaptable, narrative-driven approach.

EXPERIENCE

Photographer

Freelance | 2022 – present

- During my studies at Accademia Italiana, I collaborated on projects with Pitti Uomo 107 and MAD (Murate Art District), documenting a photowalk with the Leica Q system and working as an on-site photographer for Regenerating Territories: Artist Residencies at School in Florence. In my final year, I participated in the interdisciplinary project Youthopia, curated by Matteo Ward and presented at Pitti Immagine Uomo 108, exploring future design through cyano-animation and alternative photographic processes. I now work as a freelance photographer specializing in weddings, events, and commercial work, with storytelling at the core of my practice. I am also co-founder of Seabean Studios, a traveling creative collective.

Petsitter/Property Maintenance

Seasonal | Jan 2021 – present

- Responsible for property maintenance, including upkeep of interior and exterior spaces, as well as the care and welfare of household pets (primarily cats and dogs).

Private Piano Tutor

Self-employed | May 2021 – Jul 2022

- Provided private piano instruction twice weekly to a student from Primer to Level 3A, designing tailored lesson plans while incorporating established curricula.
